

**NEXT LEVEL
Hai Yeh!**

2nd Edition

**29TH APRIL TO
2ND MAY, 2026**

“

With each new project and initiative, India is taking giant strides towards realizing its full potential and emerging as a global leader in building infrastructure that is vibrant, inclusive, and resilient.

”

Shri Narendra Modi

-Hon'ble Prime Minister of India

**YASHOBHOOMI CONVENTION CENTRE
NEW DELHI, INDIA**

**ALL ABOUT
VIBRANT BUILDCON 2025**

Welcome to
VIBRANT BUILDCON

2nd Edition

WHERE INNOVATION BUILDS THE FUTURE!

Following the incredible success of its debut edition, **Vibrant Buildcon** returns in 2026 with a **larger and more impactful showcase**, solidifying its position as India's leading exhibition for the building materials and construction industry.

Where Innovation Builds The Future

**"Let us dream audaciously, plan strategically and execute efficiently.
Together, we can make India a construction superpower."**

- Shri Piyush Goyal, Minister of Commerce & Industry
Source : Vibrant Buildcon 2025's Inauguration Ceremony

**"It's not just the business of Indian diplomacy to do business,
it's the business of Government to support business"**

- Shri S. Jaishankar, Minister of External Affairs of India

**Vibrant Buildcon 2026 - The ultimate destination for
building material innovation!**

**A powerful platform for
growth, learning, innovation,
and business.**

**Experience next-generation sustainable materials, leading
national brands, smart construction solutions, and high-value
B2B opportunities across this four-day mega event.**

Why Exhibit?

The only platform uniting global buyers, domestic visitors & government procurement—all in one place.

Support From Export Promotion Council.

One nation, One expo. – All the building material industries will combine under one roof which will give benefits to exhibitors as well as buyers.

An opportunity to exhibit in India's most premium exhibition.

CAPEXIL, Construction & Government Procurement Department's knowledge sharing seminars.

YASHOBHOOMI (IICC)

(Asia's largest & world's third largest – convention centre)

- Spanning over **890,000 square meters**
- Total **indoor exhibition and convention area of 300,000 square meters**
- **One of the largest MICE** (Meetings, Incentives, Conferences, and Exhibitions) destinations in **Asia**.
- **10 km** from **Indira Gandhi International Airport**
- **Direct metro access** from inside the venue (Airport Express & Blue Line)
- **3,600 rooms** in nearby **Aerocity**
- **Parking capacity** for **2,900 vehicles**
- Easy connectivity to key hubs: **Gurgaon, Diplomatic Enclave, and Dwarka Expressway**

What to **Expect** in 2026 ?

30,000+ Domestic visitors

**1000+ International buyers
from 100+ Countries.**

**350+ Exhibitor
from across India & Globe**

Why Visit?

Network with **India's top manufacturers & exporters**

Strengthen sourcing and import partnerships

Understand the **Indian market dynamics & pricing**

Why India, Why Now?

1. Third-Largest Construction Market by 2027

- India is projected to become the world's 3rd largest construction market – Global Construction 2030 report

2. 500+ Smart Cities and Urban Projects Underway

- Driven by India's Smart Cities Mission and rapid urbanisation

3. Strategic Access to 2 billion Consumers Across Asia & Africa

- India's trade and logistics corridors position it as a regional export and sourcing hub

4. Home to the World's Youngest and Fastest-Urbanising Workforce

- Over 65% of India's population is under 35 a growing demand and talent base

Highlights from **Vibrant Buildcon 2025**

165 Exhibitors from across India,
representing 10+ manufacturing clusters

765+ International buyers & delegates
from 85+ countries

20,000+ Domestic visitors, including government
officials, institutional buyers, and trade professionals

These strong numbers affirm the expo's growing credibility as India's
flagship platform for the building materials industry.

Overseas Delegation Representation

- Delegates and buyers from over 85+ countries in 2025
- Active international participation through embassies, councils, and trade associations
- Countries included: USA, Mexico, Bahamas, Brazil, Kenya, South Africa, Thailand, Australia, Russia and many more....

Testimonials from Overseas Delegates (2025 Edition)

What Global Delegates Said About the 1st Edition ?

"In my view, this event is very well organized, featuring impressive exhibitor designs and a wide range of construction materials from building supplies to ceramics and sanitary ware. The quality and explanations provided were excellent. It truly brings together many industry participants and showcases innovative products with designs that could revolutionize the construction industry. Thank you."

- Mr. Coutinho Madalena Pedro, CEO, Metallica Qiz (Angola, Central Africa)

"I represent Catricura and we were delighted to be invited to this fair, which we found incredibly diverse and entertaining. We were impressed by the high quality of the products and the wide range of industries represented. It's a fantastic initiative, and I truly appreciate the direction India is taking with such events. I'm grateful for the invitation and extend my congratulations and best wishes to all the exhibitors working to build global commercial relationships."

- Ms. Paulina Fronzalez Romero, Chile, South America

"It was a wonderful experience to visit the vibrant Buildcon Hall in India. A big thank you to the entire organizing team. Yashobhoomi is truly an iconic venue, and the fair itself is going very well with over 300 exhibitors, mainly in the tiling business from Morbi, Gujarat, along with CP fittings and sanitary ware. While a few segments like windows and doors could be added to enhance the fair, overall it's a great initiative. As a builder from Australia, we usually source from China, but the variety and quality of tiles here are unmatched. This visit marks a strong first step toward building business ties with India, and we look forward to importing more in the future. Thank you once again to the Vibrant team for the warm welcome. Jai Hind, Jai Bharat!"

- Johar Kumar (JKG Homes), Australia

"We are Frank and Nicola Sfilks, a father and son from Argentina, and this is our first time visiting India. We've been truly delighted by the experience so far the culture is very different from ours, but incredibly beautiful, and the people here are so kind and welcoming. We're currently attending an exhibition, and we must say, it's been a great experience-definitely next level. We're thankful for the warm hospitality and excited to be part of this amazing event."

- Frank and Nicola Sfilks from Argentina

ABOUT CAPEXIL

CAPEXIL is a premier business support organization for promotion of export from India. It was set up on March 28, 1958 by the Ministry of Commerce, Government of India to facilitate export of chemical based and allied products. Over the last four decades it has emerged as a mega organization of about 4500 paid members spread all over the country. International developments and Government policies often dictate the course of exports. In its role as facilitator, CAPEXIL activates its umbrella network to monitor and analyze these trends. The Government is briefed about ongoing external trade matters so that in the interest of exports, policy anomalies are either modified or changed.

VISION

The vision of CAPEXIL is to catalyze development and promotion of India's exports of a wide spectrum of chemical based allied products and thereby stimulate the country's economic growth.

MISSION

CAPEXIL's mission is to-

- Understand wholeness of international trade and guide/assist the Indian business community to top up their exports, attain and sustain a pre-eminent global standing.
- Act as an intermediary in establishing business contacts between foreign importers and Indian exporters so as to provide a two-way service as global trade facilitator, and
- Undertake various promotional measures to promote our exports.

CAPEXIL'S PRODUCT SPECTRUM

There are 16 panels which come under CAPEXIL's canopy:

LIST OF PANELS
Minerals & Ores
Bulk Minerals and Ores
Natural Stones and Products
Processed Minerals
Non-Minerals
Animal By Products
Auto Tyres and Tubes
Books, Publications and Printing
Cement, Cement Clinkers and Asbestos Cement Products
Ceramics and Allied Products incl. Refractories
Glass and Glassware
Graphite, Explosives and Accessories
Miscellaneous Products
Ossein and Gelatine
Paints, Printing Ink and Allied Products
Paper, Paper Board and Products
Plywood and Allied Products
Rubber Products

Morbi Ceramic Manufacturers Association

The Morbi Ceramic Manufacturers Association is dedicated to the welfare of the ceramic industry, the preservation of its traditions of excellence in CERAMIC PRODUCTS, and the advancement of its stature in the world.

The industrial area produces Wall tiles, Floor tiles, Vitrified tiles, Polished Glazed Vitrified Tiles, Twin Charged Tiles, Multi-color charged Tiles in various formats starting from 20*30 cm to 120*180 cm in a wide range of designs and colors. It also produces sanitary ware, industrial ceramics and technical ceramic products.

It consists of 610 units in total with investment of INR 15Cr. To 150 Cr. in each unit. The cluster uses the latest technologies and equipment imported from all over the world.

It provides employment directly to 3.50 lac workers and to 10 lacs others in auxiliary and related business & professions.

Glimpses of Vibrant Buildcon 2025

Signing of MoU

Vibrant Buildcon 2025 at Yashobhoomi set a new benchmark for India's construction industry, culminating in a landmark MoU between CAPEXIL, Morbi Ceramic Manufacturers Association, and Creatofox Events LLP. This powerful collaboration paved the way for sustainable innovation and global trade, cementing the expo's legacy as a catalyst for a self-reliant future. Yashobhoomi was selected as the venue for the exhibition.

YASHOBHOOMI- A WORLD CLASS STATE OF THE ART EXHIBITION VENUE

The India International Convention & Expo Centre (IICC), also known as Yashobhoomi, in Dwarka, New Delhi, offered an exceptional experience for all attendees with its world-class infrastructure and state-of-the-art facilities. The expansive venue featured a well-organized layout that ensured smooth navigation, aided by a convenient cart service transporting visitors from the entrance to various points within the exhibition hall. Visitors appreciated the ample number of registration and help desks, which minimized wait times and enhanced the overall experience. The presence of dedicated spaces such as a prayer room, seminar room, conference and meeting rooms, along with exclusive VIP and Elite lounges, added to the comfort and convenience of all participants. Yashobhoomi is truly a world-class venue for hosting large-scale exhibitions and conventions.

About the Exhibition

Vibrant Buildcon 2025 marked a groundbreaking milestone as India's largest and most significant building material and construction expo. Held with the vision of redefining the future of infrastructure, the event brought together the finest of India's construction capabilities and showcased them on a global platform.

With an aim to position India as a hub of innovation in the building and infrastructure sectors, the expo served as a dynamic convergence point for key stakeholders—manufacturers, developers, architects, engineers, and policymakers. The event attracted leading international players, fostering meaningful collaborations and business opportunities that are set to impact the industry far beyond national borders.

Driven by a mission to empower businesses and professionals, Vibrant Buildcon 2025 highlighted the latest in construction technology, sustainable solutions, advanced building materials, and emerging industry trends. The expo created a thriving environment for knowledge exchange, networking, and strategic partnerships, reinforcing India's growing leadership in global infrastructure development.

GENESIS OF VIBRANT BUILDCON

Drawing on India's legacy of visionary infrastructure leadership, Vibrant BUILDCON traces its origins to a pivotal moment in 2002 when then-Chief Minister of Gujarat, Shri Narendra Modi, inaugurated the state's expansive gas pipeline network—an ambitious undertaking that demonstrated how large-scale projects can transform regional economies and galvanize industrial growth.

Inspired by that landmark event and recognizing the power of thematic gatherings to accelerate sectoral innovation, CAPEXIL's Committee of Administration, in collaboration with the Morbi Ceramic Manufacturers' Association began exploring the concept of a mega-scale exhibition dedicated to India's building materials industry.

Their vision gained decisive momentum when Hon'ble Commerce & Industry Minister, Shri Piyush Goyal, personally urged them to elevate the initiative into a world-class forum in the national capital, emphasizing the need for a truly global platform that could bring together policy-makers, international buyers, technology innovators, and supply-chain stakeholders under one roof. In a series of strategic workshops, industry leaders from Morbi's manufacturing cluster joined forces with CAPEXIL's export promotion machinery to design an exhibition footprint and conference agenda robust enough to showcase cutting-edge construction technologies, sustainable materials, and emerging export opportunities.

Thus, Vibrant BUILDCON was born—an ambitious testament to public-private synergy, ministerial encouragement, and the shared commitment of industry and council to propel India's building materials sector onto the world stage.

CURTAIN RAISER: A POWERFUL PRELUDE TO VIBRANT BUILDCON 2025

Above, the curtain raiser of the Expo; From the Left, Shri Harpal Singh, Shri Narendra Sanghat, Shri Nilesh Jetpariya, Shri Ramesh K. Mittal, Shri Vijay Aghara and Shri Vishal Acharya.

The much-anticipated Vibrant BuildCon 2025, India's largest building and construction material expo, officially commenced its journey with a grand Curtain Raiser event held on April 9th. The event marked the beginning of a transformative platform designed to showcase India's strength and innovation in the building materials sector.

Speaking at the Curtain Raiser, **Shri Ramesh K. Mittal**, Chairperson of CAPEXIL, emphasized the significance of this growth wave:

"India's infrastructure growth is creating a robust ecosystem for building materials. At CAPEXIL, we are committed to supporting manufacturers and exporters to showcase their excellence to the world. Vibrant BuildCon is a testament to India's global potential in this sector."

VIBRANT BUILDCON ROADSHOWS: GLOBAL OUTREACH

Roadshows and B2B meetings in the USA, Mexico, Oman, Kuwait, Sri Lanka, Malaysia, Qatar, Egypt, Spain, South Africa, and Jordan to raise awareness and establish credibility in key international markets were conducted. This effort opened doors to new buyers worldwide, many of whom connected with Indian manufacturers for the first time.

Key Highlights:

- Achieved one of the highest overseas buyer turnouts ever seen in India's building materials industry
- Attracted participants from 67 countries, with strong interest from the Middle East, Africa, North and Latin America, Europe, and Southeast Asia
- Established India's first truly global business platform encompassing every building-material segment
- Generated substantial inquiries, qualified leads, and strategic international partnerships

UNLOCKING THE FUTURE: DAY 1 AT VIBRANT BUILDCON

CIM Piyush Goyal's Address at the Inaugural

Shri Piyush Goyal commenced his address by extending warm greetings to the audience on the auspicious occasion of Baisakhi.

He set an ambitious vision for the future, expressing confidence that by 2026, when the next edition of Vibrant Buildcon is organized, it should grow to **ten times** its current scale.

Speaking on India's global aspirations, Shri Goyal emphasized that today's India is determined to become a global superpower and will not settle for anything less than world-class standards. The choice of venue, *Yashobhoomi, Dwarka*, stands as a testament to the progressive thinking of a new India.

He emphasized the critical need for world-class infrastructure to support large-scale conventions and exhibitions. Shri Goyal announced plans for the expansion of the Yashobhoomi complex, including the development of additional exhibition halls to meet growing demands.

Highlighting the vast potential within the construction sector, he emphasized the importance of bringing all segments of the ecosystem under one umbrella through Vibrant Buildcon. He noted the multitude of initiatives being launched across public and private sectors to boost infrastructure development, industrial growth, and housing.

Shri Goyal urged all stakeholders to actively contribute towards the vision of **Viksit Bharat 2047**. He concluded with an inspiring message, calling upon the industry to create architectural and infrastructural marvels in India – projects that are not just comparable to the best in the world but are the **very best**.

Brand Ambassador and Mentor **Suniel Shetty**

Actor and entrepreneur Suniel Shetty was chosen as the Brand Ambassador of Vibrant Buildcon 2025 due to his strong alignment with the event's vision of promoting Indian excellence in the construction and infrastructure sectors. Known for his commitment to quality and innovation, Shetty's involvement brought star power and credibility to the expo, inspiring industry professionals and attendees alike. His presence at the grand inauguration and throughout the event underscored Vibrant Buildcon's dedication to fostering growth and innovation in India's building materials industry.

Interaction with Foreign Delegates

A delegation from Angola led by Mr. Coutinho Pedro, CEO - Presidente do Conselho de Gestão, metálica (Oil Services, Ida) and Mr. Caetano Capitão, PRESIDENTE - FCBIA (FEDERACÃO DAS CÂMARAS BILATERAIS DE COMÉRCIO E INDÚSTRIA DE ANGOLA) met CAPEXIL officials Shri Ramesh K. Mittal, Chairperson, CAPEXIL and Shri Harpal Singh, Secretary, CAPEXIL on 13th April, 2025 during Vibrant Buildcon showing interest in Minerals and Ores.

Mr. Caetano Capitao
Angola, Central Africa

Mr. Coutinho Madalena Pedro

Gala Dinner & Networking Evening

A Night to Remember at Vibrant Buildcon 2025

The Gala Dinner held on 13th April 2025 at Yashobhoomi marked a captivating conclusion to the day's business proceedings. The evening brought together delegates, international buyers, and Indian industry leaders in a warm, convivial setting that celebrated both camaraderie and culture.

The Gala Dinner was not merely a social gathering but a strategic platform that helped deepen bonds, build trust, and lay the foundation for enduring business partnerships. It truly reflected the essence of Vibrant Buildcon—where business meets culture, and relationships are built to last.

DAY 2: MINISTERIAL INSIGHTS AND INDUSTRY INNOVATION

Commerce Secretary's Visit to the exhibition

The Hon'ble Commerce Secretary's visit to the expo marked a significant engagement with industry stakeholders, fostering a constructive dialogue on the sector's current landscape. During his tour, he interacted with various industry representatives to understand their challenges, including issues related to raw material availability, export procedures, and regulatory policies.

A key highlight was the discussion on the cement industry's growth trajectory. The Hon'ble Commerce Secretary acknowledged the industry's expansion and expressed satisfaction with the participation of both foreign delegates and Indian companies, emphasizing the expo's role in facilitating international collaborations.

The Secretary also commended the state-of-the-art facilities at the expo, noting the instrumental role of the Gujarat pipeline in envisioning and executing the event. This infrastructure has been pivotal in showcasing India's capabilities in organizing large-scale industry events.

Furthermore, hardware exporters utilized this platform to request hon'ble CS to include their industry with CAPEXIL as their product line is compatible with CAPEXIL products.

Overall, the Commerce Secretary's visit underscored the government's commitment to addressing industry concerns and supporting growth through proactive engagement and policy facilitation.

Vibrant Buildcon 2025, successfully concluded at Yashobhoomi with the honored presence of Minister of Labour and Employment and Minister of Youth Affairs and Sports, Dr. Shri Mansukh Mandaviya.

Dr. Mandaviya's visit highlighted the government's support for innovation and growth in the infrastructure sector. The event brought together over 500 companies, showcasing India's strength and progress in sustainable building and construction solutions.

The expo served as a key platform for collaboration among industry leaders, innovators, and policymakers—reinforcing our shared commitment to building a Viksit Bharat.

In picture: Shri Ramesh Mittal, Shri Jitendra Kathiriya, Shri Vijay Aghara and Shri Nilesh Jetpariya felicitating Shri Parshottam Rupala

Vibrant Buildcon 2025 was honored by the presence of Shri Parshottam Rupala, Hon'ble Cabinet Minister of Fisheries, Animal Husbandry & Dairying.

His visit added tremendous value to the event, inspiring attendees from the building and construction sector. Shri Rupala's encouraging words and support for innovation-driven growth left a lasting impression, reinforcing the expo's mission to drive forward-thinking development across the industry.

In picture: Shri Narendra Sanghat and Shri. Mohan Kundariya walking through the exhibition

Shri Mohan Kundariya, Member of Parliament and Former Minister of State for Agriculture and Farmers Welfare of India visited the exhibition, Shri Mohanbhai praised the expo for fostering business connections, innovation, and international trade, linking Indian manufacturers with buyers from 60+ countries.

PANEL DISCUSSION

A) Next-Gen Construction: Innovations in Technology and Materials Shaping the Future

In picture: Mr. Kunal Behrani, Mr. Vishal Thakkar, Mr. Ashish Batavia, Mr. Hemant Sud, Ms. Shivani Aggarwal and Mr. Gautam Chatterjee, Mr. Ankit Sharma

Date: 14 April, 2025

At this industry panel, leading voices from Indian real estate came together to chart the course for a greener, more sustainable future. The discussion, featuring experts from across development, design, and policy, highlighted the urgent need for innovation, collaboration, and practical implementation to drive the green transformation of the sector.

Panelists included Mr. Kunal Behrani (Unity Group), Mr. Vishal Thakkar (NAREDCO, Prem Group), Mr. Ashish Batavia (VRAJ Group), Mr. Hemant Sud (IIID - DRC), Ms. Shivani Aggarwal (Signature Sattva), and Mr. Gautam Chatterjee.

A key theme was the shift from green infrastructure investment to sustainable operations. Mr. Behrani emphasized that while CAPEX for green buildings is being addressed, operational sustainability must now be prioritized. Mr. Chatterjee called for stronger government support to speed up the adoption of green products and technologies.

Mr. Thakkar proposed incentives not just for developers, but also for end users to create a real shift in demand. Ms. Aggarwal underlined the importance of workforce skilling and technical collaboration to ensure sustainability is applied effectively on the ground. Mr. Sud suggested a partnership between IIID and NAREDCO to develop training programs focused on sustainable design and execution.

Innovations such as AI-driven generative design, self-healing cement, and nanotechnology for energy efficiency were discussed as vital tools in achieving Net Zero targets.

The session closed with a strong consensus: for India to lead in green real estate, it must focus on policy support, tech adoption, education, and industry-academia collaboration. The path to sustainability, they agreed, is one India must build—together.

B) NBCC: Building India with Vision, Strategy, and Scale

In picture: Mr. Debasis Satapathy

Date: 14 April 2025

At this keynote address, Mr. Debasis Satapathy, Chief General Manager, HRM at NBCC India Ltd., offered a compelling overview of the organization's achievements and forward-looking strategy. His address emphasized NBCC's commitment to infrastructure delivery, financial self-reliance, and quality excellence.

Mr. Satapathy highlighted key project milestones, including the Salt Project, where over 30,000 of 45,000 homes have already been delivered, showcasing NBCC's strong execution capability. He also shared updates on the Amrapali Project, launched in 2023-24, which continues to progress steadily, reviving stalled developments and restoring buyer confidence.

One of the most striking examples of NBCC's financial and strategic strength was the World Trade Centre project—developed at a cost of ₹2,200 crore and sold for ₹12,500 crore, with peak bookings at ₹45,000 per sq.ft during construction, all without government funding.

Beyond real estate, NBCC's reach extends nationally and globally through subsidiaries like HCSL, HSCC, and NSC, with a portfolio including smart cities, top-tier institutions like IITs and AIIMS, and critical infrastructure such as border fencing.

Mr. Satapathy underlined the organization's dedication to Quality Management Systems (QMS), strategic execution, and leadership. He concluded with a creative touch—a video inspired by the Mahabharata—to illustrate the power of strategy and vision in navigating complex challenges.

With its blend of innovation, integrity, and impact, NBCC continues to stand tall as a cornerstone in India's infrastructure development journey.

C) Women in Real Estate: Building Spaces, Breaking Barriers

In picture: Ms. Smita Patil, Ms. AR. Poonam Pal, Ms. Aashi Dua, Ms. Sonal Mehta, Ms. Shruti Dimri and Ms. Chitra, Ms. Reena Lamba Tandon

Date: 14 April 2025

This powerful panel discussion moderated by Ms. Reena Lamba Tandon (MBTV, Magic Bricks) explored the evolving role of women in India's real estate sector. The session brought together industry leaders who shared personal stories, professional insights, and bold visions for a more inclusive future.

With women currently making up just 9.6% of the sector, the conversation centered on increasing representation, upskilling, and leadership. Ms. Smita Patil, President of NAREDCO MAHI, called for more role models and imagined a women-led real estate enterprise that champions a holistic, people-first approach. Architect and educator Ms. Chitra echoed this, urging women to build their own platforms and keep learning.

Ms. Shruti Dimri noted the growing presence of women in architectural firms and boardrooms but stressed that real influence still requires persistence. "We must create for ourselves first," she said, while also highlighting the urgent need for more sustainable practices in the industry.

Stories of overcoming resistance were a recurring theme. Ms. Poonam Pal shared her journey from societal pushback to family support, while Ms. Sonal Mehta recalled early skepticism she faced in financial meetings—experiences that reflect how far the industry has come and how much further it can go.

Ms. Aashi Dua framed real estate as a community-driven field, where empathy and emotional intelligence—often brought by women—are essential. She stressed the importance of normalizing female leadership in decision-making spaces.

The panel concluded with a strong message: women are not just participants but changemakers in real estate. While challenges remain in visibility, leadership, and sustainability, initiatives like NAREDCO MAHI are paving the way for a more diverse and dynamic industry—one that reflects the dreams and contributions of women at every level.

D) Building the Future: Local Sourcing vs Global Brands in Indian Real Estate

Local Sourcing vs. Global Brands: What Developers Really Want from Suppliers?

In picture: Mr. Kunal Behrani, Mr. Harsh Vardhan Bansal, Mr. Manoj Kulshreshtha, Mr. Gaurav Puri, Mr. Gaurav Jain and Mr. Harsh Vardhan Bansal

Date: 14 April 2025

India's construction and real estate sectors are at a turning point—balancing the push for local manufacturing with the influence of global brands. At this panel discussion held on April 14, 2025, industry leaders came together to explore how the country can align growth, sustainability, and quality in this evolving landscape.

Shri Hari Babu, President of NAREDCO, opened the session by championing the “Make in India” initiative, citing Morbi's ceramics industry as proof that Indian manufacturing can reduce import dependence and drive export growth. He projected India's potential to become a trillion-dollar exporter in the next decade.

Shri Kunal Behrani, COO of Unity Group, highlighted real estate as India's second-largest job provider and stressed the need for a strong domestic manufacturing base aligned with global standards. He noted a shift in consumer behavior toward ready-to-move-in homes and called for sustainability to be built into cost structures.

Echoing this, Shri Harsh Vardhan Bansal, NAREDCO Delhi President, emphasized that while cost pressures are rising, developers are unwilling to compromise on quality. He called for standardized benchmarks to support India's growth vision.

From the materials side, Shri Manoj Kulshreshtha of JK Cement addressed the environmental impact of traditional cement and urged the adoption of higher-grade, eco-friendly alternatives.

Shri Gaurav Puri of Jaquar noted a positive shift in consumer demand from imported to high-quality local products. Citing Jaquar's global presence, he emphasized that spending a little more on quality can significantly extend a building's life and value.

The panel concluded with a call for a mindset shift in the industry—from cost-centric to quality- and sustainability-driven development. “Make in India,” they stressed, must evolve from a slogan into action, with an emphasis on resilient supply chains, green practices, and global competitiveness.

POWERING PROGRESS ON DAY 3: WHERE VISION MEETS EXECUTION

PANEL DISCUSSION II

A) Building Viksit Bharat - Role of Building Material Sector

In picture: Moderated by Aninda Bagchi, Mr. Sanjay Kumar Varshney, Mr. Abhay Jindal, Dr. Ramachandra, Ar. Sheetal Tuteja and Ms. Malti Gupta

Date: 15th April

The building materials sector is playing a key role in India's vision to become a developed nation by 2047. This session, moderated by Aninda Bagchi from CBRE India, brought together leading experts to discuss how the industry is evolving. The panel included prominent figures like Mr. Sanjay Kumar Varshney of Signature Global, Mr. Abhay Jindal of Homeland Group, Dr. Ramachandra V of Ultratech, Ar. Sheetal Tuteja of Aeon Design, and Ms. Malti Gupta from Ramboll India.

The discussion focused on the importance of modern and sustainable construction practices. These methods are helping improve efficiency and reduce environmental impact, supporting India's goal for a greener future. The panel also highlighted the growing use of artificial intelligence in the construction process, emphasizing how technology is reshaping the industry.

As India moves towards the goal of Viksit Bharat 2047, there is a strong push for infrastructure development that aligns with sustainability. The construction industry is adopting green building practices and eco-friendly solutions, which will help build a more resilient and sustainable future for the

B) Sustainable product development and methods in India

In picture: Ms. Deepali Dhuliya and Mr. Tridib Chakraborty, Ms. Ruchi Gandhi, Mr. Priyansh Sharma, Mr. Anurag Bajpai, Ms. Sampa Saha

Date: 15th April

The building materials sector is playing a vital role in India's journey towards becoming a developed nation by 2047. A recent session, moderated by Aninda Bagchi from CBRE India, brought together industry leaders like Mr. Sanjay Kumar Varshney of Signature Global, Mr. Abhay Jindal of Homeland Group, Dr. Ramachandra V of Ultratech, Ar. Sheetal Tuteja of Aeon Design, and Ms. Malti Gupta from Ramboll India to discuss the evolving industry.

The panel highlighted the importance of sustainable construction in reducing environmental impact and improving efficiency. They also discussed the growing role of artificial intelligence in reshaping the industry, making construction smarter and more efficient. As India works towards Viksit Bharat 2047, the focus on green building practices and eco-friendly solutions will be crucial for creating resilient and sustainable infrastructure.

SEMINAR SERIES

Chapter 1: Export Credit Guarantee and Guarantee Policies by Kavita Kumari, Manager at ECGC

Date: 15th April

In a compelling seminar organized by CAPEXIL, Ms. Kavita Kumari, Manager at the Export Credit Guarantee Corporation of India (ECGC), shared key insights into the role of export credit guarantees in today's global trade landscape. Expressing her gratitude for the opportunity to speak, Ms. Kumari began by offering a brief yet informative overview of ECGC's history and the pivotal role it has played in supporting Indian exporters over the years.

She explained that ECGC was established to provide credit risk insurance and promote confidence among exporters venturing into international markets. By covering both commercial and political risks, ECGC acts as a vital safety net for Indian businesses, especially in an era marked by volatility and uncertainty. The organization's coverage extends to all export destinations, including countries classified under OCC (Open Cover Category) and RCC (Restricted Cover Category), ensuring that exporters are well-protected regardless of their target markets.

Ms. Kumari elaborated on ECGC's broad product portfolio, which includes a range of solutions tailored to meet the needs of exporters at different stages of the trade cycle. Whether it's pre-shipment or post-shipment coverage, ECGC offers policies designed to mitigate the risks of non-payment, buyer insolvency, and abrupt policy changes in foreign nations.

The seminar also delved into the impact of current geopolitical events on global trade, with special focus on the US-China tariff war and the ongoing conflict between Russia and Ukraine. These developments, she noted, have significantly increased the complexity of cross-border transactions and emphasized the importance of having a strong export credit insurance framework.

To help exporters make informed decisions, ECGC uses a comprehensive country risk rating system based on 60 to 65 parameters. These include factors such as political stability, economic performance, debt indicators, and governance practices. Countries are categorized into seven risk levels, from A1 (the safest) to D (high risk), giving exporters a clear sense of the landscape they're stepping into.

In her closing remarks, Ms. Kumari reaffirmed ECGC's commitment to enabling Indian exporters to navigate the challenges of global commerce with confidence and resilience. As the world continues to change rapidly, institutions like ECGC play a crucial role in ensuring that Indian businesses are not just protected—but empowered.

Chapter 2: Powering Infrastructure Manufacturing Through Make in India By Nikhil Gandhi, Senior Manager at Invest India

Date: 15th April

India's push to become a global manufacturing hub is gaining traction, with the Make in India initiative leading the charge. At the center of this effort is Invest India, the national investment promotion and facilitation agency. In this seminar, Nikhil Gandhi, Senior Manager at Invest India, highlighted how the agency supports infrastructure manufacturing by guiding investors through every stage of their journey from initial interest to long-term operations.

Invest India operates through three key phases: pre-investment, where it helps businesses assess opportunities; investment and facilitation, offering hands-on support through the setup process; and long-term partnership, ensuring ongoing assistance even after projects go live. With a network of country desks, 33 sector teams, and dedicated state and UT desks, the agency offers tailored support to both global and domestic players.

Mr. Gandhi shared a case where Invest India helped a Qatari firm enter India's high-end building materials sector. Over ten months, the agency supported the company through market research, regulatory approvals, and final operational setup—demonstrating its commitment to turning foreign interest into thriving enterprises.

Through strategic collaborations and active facilitation, Invest India is playing a pivotal role in turning the Make in India vision into a manufacturing reality.

Chapter 3: Registration of TBT Issues on MOC&I Portal By Harpal Singh, Secretary, CAPEXIL

Date: 15th April

In this focused session aimed at strengthening exporter support, Harpal Singh, Secretary of CAPEXIL, addressed exporters on the importance of registering Technical Barriers to Trade (TBT) issues on the Ministry of Commerce & Industry (MOC&I) portal. He encouraged non-registered exporters to join CAPEXIL and take advantage of its support structure and advocacy network.

The session began with an overview of the 16 product panels under CAPEXIL, representing a wide spectrum of export sectors. Mr. Singh then explained the difference between the SPS and TBT Agreements. While the SPS Agreement deals with protecting human, animal, and plant health, the TBT Agreement covers all technical regulations, standards, and conformity assessment procedures, except those defined under the SPS framework.

Exporters were encouraged to submit their challenges using the form on the portal. The form is straightforward and requires only basic information. By registering anyone can use it to report trade barriers, and view issues others are facing with specific countries—providing valuable insight into recurring global trade challenges.

To make the process even easier, Mr. Singh gave a live demo on how to navigate the portal, pointing out where to access forms, how to submit complaints, and what kind of issues qualify. A video tutorial was also showcased to guide users step-by-step, making the system more accessible for everyone.

The session concluded with appreciation for the exporters participating in Vibrant Buildcon, and a presentation of CAPEXIL's revamped website, which offers improved functionality and easier access to exporter resources.

This initiative reinforces CAPEXIL's commitment to empowering Indian exporters with practical tools and platforms to resolve trade issues and thrive in global markets.

Chapter 4: Pre- and Post-Shipment Finance

By Gaurav Pant, AGM, IDB, Punjab National Bank

Date: 15th April

Gaurav Pant, Assistant General Manager at Punjab National Bank, shared valuable insights on how the bank supports exporters through its wide range of financial services.

He began with a brief introduction to Punjab National Bank, one of India's oldest and most trusted public sector banks, known for backing businesses involved in international trade.

Mr. Pant explained two key types of export finance—pre-shipment and post-shipment credit. Pre-shipment finance helps exporters get funds before goods are shipped, covering costs like raw materials and packaging. Post-shipment credit, meanwhile, provides support after the goods have been shipped until payment is received from buyers abroad.

He also discussed helpful schemes such as the Gold Card Scheme for established exporters and the Export Express Scheme designed especially for MSMEs, making it easier for them to access funds quickly.

The session also introduced digital tools like the Trade Finance Portal, the Multi-Currency World Travel Card for hassle-free international travel, and the FX Retail Platform for managing foreign exchange.

With a focus on simplicity, speed, and support, Punjab National Bank continues to stand by Indian exporters, helping them grow and compete in global markets.

THE BIG WRAP

VOICES OF THE EXHIBITORS & PARTICIPANTS

Interaction With Foreign Delegates

*Mr. Francisco Zvirgzdins &
Mr. Nicolas Zvirgzdins from Argentina*

*Mr. Jose Ma Martinez Baumbach and
Ms. Glenda Nicole Smit from Mexico*

Various foreign delegates expressed their interest in the exhibition, praising the seamless organization and diversity of exhibits.

They commended the innovative product showcases, noting how cutting-edge technologies and sustainable materials were highlighted throughout the halls.

Several buyers remarked on the quality of networking opportunities, emphasizing the effectiveness of the buyer-supplier matchmaking sessions.

Delegates from Europe and North America highlighted the professionalism of Indian manufacturers and the depth of technical presentations.

VOICES OF THE EXHIBITORS & PARTICIPANTS

1. *Rohit Ranjan, Sales Head, RKL Teak Pvt Ltd. - associated with CAPEXIL for over a decade shared his experience in an interview*

“We have a good association with CAPEXIL, this association has been helpful in taking forward our issues to the Indian government and trying to get resolutions.”

“We have been part of exhibition and trade shows for the last couple of years and getting good response, people come for more inquiry and this is helping us outreach to global customers”.

2. *Abhay Agarwal, Director, Mangla Stone Group said in an interview with CAPEXIL during Vibrant Buildcon:*

“I have been associated with CAPEXIL for the last 5 years, the team of CAPEXIL is very helpful, you can ask for anything, whether RCMC certificate, where help in identifying some queries for different stones and regions and they are always ready to provide us data. It's not a tedious process.”

“CAPEXIL, for the last 5 years, has been a backbone of my exposure to the world.”

3. *Chetan Karia, Head of International Trade, Sans Vitrified*

“We have been a member of CAPEXIL for the last 12 years. We have built various companies and all of them have been members of CAPEXIL.”

4. *Minister of housing and urban renewal, Bahamas said*

“This Expo will help us build quality and more affordable homes”

5. *Under Secretary for investment and foreign trend, Egypt shared his perspective*

“Indian marble is very attractive, we saw many other products at the Expo”

6. *Mustafa Farouk, Kuwait Buyer when asked about Vibrant Buildcon 2025*

“I see something more than an exhibition”

PUBLICITY AND MEDIA COVERAGE

FOCUS ON GOING GREEN, MODULAR INFRA: GOYAL

‘Construction Cos Must Cut Import Dependence’

Our Bureau

New Delhi: Commerce and industry minister Piyush Goyal Sunday asked the construction industry to reduce import dependence, focus on clean and green construction, and build earthquake-resistant and modular infrastructure.

“Our infrastructure will not be second best to anybody. It will truly be the best in the world, and for that, we have to reduce our import dependency,” Goyal said at the inauguration of the first edition of Chemicals & Allied Products Export Promotion Council’s (CAPEXIL) Vibrant Buildcon 2025.

“We have to make high-quality sanitaryware, furniture, plywood, chips of wood, solid steel and cement, most attractive lighting, and energy-efficient air conditioners. Everything we do will be best in class—our elevators, escalators, tiling,

There is no limit, except in our mind,” he said.

Noting that sectors including housing, infrastructure, commercial real estate, railways, airports, highways, and energy play a key role in boosting the country’s economic growth, Goyal said every element ranging from cement and electricals to security systems and automation play a role in this ecosystem.

The minister said government initiatives including setting up of 20 new smart industrial cities and 100 new industrial plug-and-play hubs would help India be-

Goyal to construction industry: Reduce import dependency

New Delhi: Commerce and Industry Minister Piyush Goyal on Sunday asked the construction industry players to reduce import dependency, focus on clean and green construction, and work towards earthquake-resistant and modular infrastructure.

Speaking during the inauguration of the first edition of Chemicals & Allied Products Export Promotion Council’s (CAPEXIL) Vibrant Buildcon 2025, in New Delhi, he said sectors, including housing, infrastructure, commercial real estate, railways, airports, highways, and energy play a key role in boosting the country’s growth. “Every element, from cement and electricals to security systems and automation, plays a part in this ecosystem,” he said. The government initiatives, including 20 new smart industrial cities, improved tourism infrastructure across 50 destinations, and 100 new industrial plug-and-play hubs would help India move to a \$30-35 trillion economy by 2047, Goyal added.

PTI

A game-changer for India's construction industry

Piyush Goyal is all set to inaugurate our country's largest building material and construction expo—Vibrant Buildcon 2025—at Yashbhooni on April 13

India's largest building material and construction expo—Vibrant Buildcon 2025—is set to be inaugurated by Piyush Goyal, the minister of Commerce and Industry on April 13, 2025, at the Yashbhooni Convention Centre, New Delhi. The event will be a landmark gathering of the global construction and infrastructure industry, featuring over 200 exhibitors, 10,000+ deemed to be visitors, and live-streamed sessions across a total of 2,000 sq. m exhibition area. A not less reason for the

exhibition was recently held in New Delhi, attended by key stakeholders and industry leaders. The expo will bring together buyers from over 10 countries, including the USA, Mexico, Brazil and other regions across North America, Latin America, Europe, Africa, Southeast Asia and more. Goyal said, “India's infrastructure growth

is creating a robust ecosystem for building material. At CAPEXIL, we are committed to supporting sustainable growth and export-led expansion. This expo will not only showcase the country's growth in the world, Vibrant Buildcon is a testament to India's global potential in this sector.”

Goyal, who is also the Minister of Chemicals and Fertilizers, said, “CAPEXIL is a global platform for the building material industry. It is a unique opportunity for the industry to showcase its products, services, and solutions. We are proud to be the driving force behind this expo, which will not only showcase the country's growth in the world, Vibrant Buildcon is a testament to India's global potential in this sector.”

Participation of Start-up and MSMEs

CAPEXIL's Vibrant Buildcon 2025 emerged as a powerful platform for Micro, Small, and Medium Enterprises (MSMEs) and startups in the construction and building materials sector, reinforcing India's position as a global export leader. Held under the aegis of the Ministry of Commerce & Industry, Government of India, the event provided a vibrant arena for innovation, collaboration, and opportunity.

With the participation of over 28 startups and MSMEs, the event highlighted India's robust capabilities in sustainable construction technologies, eco-friendly materials, and cutting-edge manufacturing solutions. The event received significant traction from international buyers, government procurement agencies, and private sector stakeholders, resulting in an impressive number of B2B meetings and export inquiries.

CAPEXIL facilitated structured B2B interactions, enabling MSMEs and startups to forge new trade partnerships and expand their global outreach. Many participants reported on-the-spot orders and long-term leads for international collaboration.

CONCLUSION

The Expo served as a platform for collaboration, knowledge, exchange and networking, fostering synergies that will drive the future of building material forward. From showcasing the latest innovations in the involved sectors to discussing self-healing cement in the conferences, the Expo offered a fascinating view to delegates as well as our domestic audience of building material landscape in a way never done before. Attendees were able to gain insights into emerging trends, explore new business opportunities, and forge partnerships that will shape the export of building materials for the country.

The exhibition marked a strategic milestone in advancing the CAPEXIL's mission of promoting India's export potential in the construction and building material sectors. The event served as a dynamic platform for exporters to connect with international buyers, project developers, distributors, and stakeholders, reaffirming India's capability to serve as a global hub for high-quality, sustainable building materials.

This Expo underscored India's rising influence as a growing economy and also how 'Make in India, Make for the world' is helping exporters make India a global destination and trustworthy trade partner. Through the convergence of major stakeholders worldwide including several foreign dignitaries and Indian government officials, drawing keen interest in products ranging from ceramics, sanitaryware, and natural stones to plywood, glass, and other allied materials. The strong turnout and quality of business inquiries received reflect the growing global demand for Indian manufacturing excellence and innovation. Inaugurated by the Commerce and Industry Minister of India, this was a one of a kind event where various government authorities came forward to collaborate and help grow the industry.

In conclusion, Vibrant Buildcon has been a resounding success for CAPEXIL, its members, and the larger export community. The outcomes of this event will inform future strategies and reinforce CAPEXIL's commitment to empowering exporters, driving trade growth, and positioning India as a preferred sourcing destination across the globe.

We are delighted to share that the curtain raiser for next year was announced in this event and the dates for **Vibrant Buildcon 2026** are **29th April, 2026 to 2nd May, 2026**.
