

## **Sino-Thai Green Technology Forum & Opening Ceremony of *CCPIT (Lancang-Mekong) Green Cooperation Exhibition***

As the Lancang-Mekong Cooperation mechanism continues to deepen and expand, the economic and trade relations between China and Thailand are entering an unprecedented period of prosperity, with increasingly frequent exchanges between enterprises and institutions from both countries.

From October 23 to 26, 2024, ***CCPIT (Lancang-Mekong) Green Cooperation Exhibition*** (hereinafter referred to as "Lancang-Mekong Green Cooperation Exhibition"), hosted by the China Council for the Promotion of International Trade (CCPIT), organized by Shanghai Pudong International Exhibition Co., Ltd., a member of the Council for the Promotion of International Trade, Shanghai (CCPIT Shanghai), will be held at EH102 Hall, Bangkok International Trade and Exhibition Centre (BITEC), Thailand.

***Lancang-Mekong Green Cooperation Exhibition*** is a project established by the Chinese government in conjunction with the Lancang-Mekong Cooperation mechanism. Held in Thailand this year, the exhibition focuses on themes of new energy vehicles, energy transition and environment protection. The exhibition will further leverage the geographical proximity and complementary industrial advantages of China and Thailand, unleash the dividends of the Regional Comprehensive Economic Partnership, enhance the level of regional economic integration, and radiate to other Lancang-Mekong countries.

***Lancang-Mekong Green Cooperation Exhibition***, held concurrently with ***2024 Green Technology Expo***, which is hosted by CCPIT Shanghai and Thai-Sino Association of Technology, as the platform to encouraging Chinese enterprises to enter the Thai market, promoting technology exchanges and cooperation in the green field between the two sides. These two shows would

gather over 80 enterprises to showcase the latest green technology products and trends, such as *LONGi New Energy, HUAWEI, DERRY NEW ENERGY AUTO, FAW Haima Automobile, Shenzhen Yinghe Technology, Tailing and etc.*

During the exhibition, the organizers will invite guests from both Chinese and Thai governments, associations, and institutions to attend. **Sino-Thai Green Technology Cooperation Forum** and various seminars will be organized to provide technical exchange opportunities. Through this platform, participants will discuss paths and strategies for green transformation, share experiences in green technological innovation, and promote cooperation in areas of clean energy, energy conservation.
